Lovely temperament and great herd animals which need to be in groups of 2 or more.

Would like to sell together but could split to Alpaca breeders if proof of other paddock mates available.

If you want friendly animals to keep the paddocks trimmed and visually enhance your property, then this is the answer.

Very pleasant animals to watch and have on your property.

Ownership transfer fees if required are the responsibility of the purchaser.

Ph 09 4594992 or Mob 0274 948955 for more information.

We are open to reasonable offers.
