RESCUE VESSEL GROUP

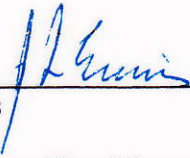

CITATION TO AWARD

"Special Award of Merit to a RV Crew Member" 1995

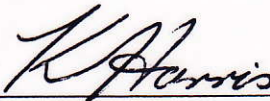

To: Warren Slater; Crew - RV "Delos"

During the past year Warren Slater has been a crew member of the Rescue Vessel "Delos". In this time "Delos" has attended a number of incidents which have been handled with a high degree of professionalism and skill. For a vessel to earn this award, a high standard of competence is required of all crew. In particular, this vessel attended an incident at Onetangi and recovered three vessels in difficulties, grounding on the beach in the surf line, on a lee shore, in rising wind and sea. Without an extremely high level of crew team coordination, which is the hallmark of a first class vessel, that operation could not have been successfully effected. Accordingly this award is given.
