

Larry's coming to town!

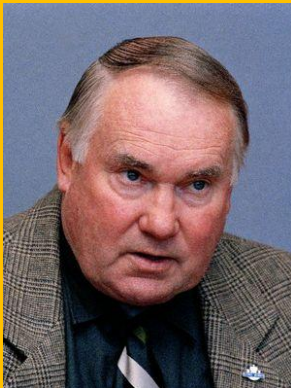

Wednesday - 5th September 2012 - 7.00pm

The Old Library, 7 Rust Avenue, Whangarei

We have been privileged to secure a visit by Finance & Policy Analyst (Local Government) Larry Mitchell to visit Whangarei. This visit consists of an information presentation to advise us of the current financial situation our District Council is taking us into.

A growing number of Whangarei residents have for years had grave concerns for the continual increasing level of debt being imposed upon us by our District Council's with their irresponsible spending of our rates in these tougher economic times.

We were delighted when Mr Mitchell offered to give a free presentation to Whangarei ratepayers about his league table and Whangarei's placing on it at 62nd out of 67 territorial authorities.

Larry Mitchell

We have jumped at this opportunity and are pleased to advise that Larry Mitchell is coming to our town, Whangarei, to present to us his data, which has not been seriously questioned in 15 years of preparing reports for territorial authorities.

Mr Mitchell recently said the Whangarei District Council should be on alert because of a poor ranking in his 2012 Local Government League Table.

Information and credentials are available on Larry Mitchell's website. This can be viewed at - <http://www.kauriglen.co.nz/larry/>

We sincerely look forward to your company and that of your friends, in the evenings viewing of Larry Mitchell's presentation.

Feel free to spread this invitation to your networking groups. This presentation is to inform us all of the present financial situation of our council and give us the appetite to make the much needed changes required to guide Whangarei into a prosperous future for the benefits of all, who live, work, invest and play in our loved town.

Koha (donation) to recover room hire and fuel expenses for Larry's trip north will be gratefully received.
